QUALITY CONTROL

SORTING

Full job description

A well-known almond and stone fruit producer, our client, is searching for a Quality Control Officer to come on board.

Being the Quality Control Officer, you will supervise all packing and sorting of stock and oversee applicable stock defects.

Reporting to the Production Manager and Production Assistant, you will be responsible for driving positive outcomes across the manufacturing processes..

As well as above, you will also be responsible for the following:

- Identifying all pests, diseases and defects applicable to stock
- Reporting all unsatisfactory fruit quality
- Ensuring that the stock packed is precise to the specifications listed on the packing plan
- Inform Production Manager and Production Assistant if you notice some staff are not performing efficiently or productively

Key skills and attributes which will assist you in obtaining this role include, but are not limited to:

- A knowledge of quality control documents and record keeping
- A solid understanding of the horticultural industry
- Strong written and spoken communication

As the Quality control officer, you will also be required to have previous use of IGEE and or/ PM2 System.

Confirming this role is based in Shepparton, however, presents you with the
