### Full job description

#### Your new company

Our Client is one of Melbourne's largest Precast Panel Yards, they specialise mainly in large scale civil, and infrastructure works however have a strong presence within the residential and commercial sector too. Their scope of projects includes high profile freeway, tunnel and bridge projects across Australia. Having won several large ongoing projects within the infrastructure space, they have commenced long term, ongoing work and are looking for steelfixers from junior to experienced levels.

#### Your new role

As a Precast Steel Fixer, you will be required to work in a precast yard, interpreting architectural drawings, tying and pulling steel for precast panels and assisting in the general manufacturing of the panels. This is an extremely fast-paced environment, and you will be required to work to strict time frames.

#### What you'll need to succeed

You will have a strong work ethic, positive and proactive attitude and show reliability and consistency to work. You will also have the following:

- Precast Yard or on-site steel fixing required
- Own steel fixing tools (E.g., Nips & Reel)
- All relevant tickets including white card
- Ability to read plans – either basic of architectural
- Supporting references within a similar industry
- Valid driving license & reliable vehicle

#### What you'll get in return

You will be rewarded with ongoing work with one of Melbourne's leading Precast Contractors as well as;

- EBA rates + travel + allowances

- Strong possibility of a lot of overtime
- Permanent job for the right candidate, with a good work ethic and strong skills within their trade
- Weekly pay
- Great work culture
- PPE provided
- On site parking
- Food vans that come to site during lunch hour
