### Full job description

#### About the company

Our client is an ASX 100 listed company who are a manufacturer that provide operations and maintenance services across Australia.

#### About the role

This 6-month fixed-term contract role is based in Newport (with potential to go permanent). The Management Accountant role reports into the Senior Project Accountant and is responsible for month end, invoicing, analysis and variance reporting. Additionally, the role will include forecasting and budgeting with some additional analysis-focused project work.

Working in a small down-to-earth team at the Newport office, you will sit within the Project Services team. You will have strong foundations in core accounting and have exposure to analysis such as managing profitability. Our client is open to industry experience and background.

Flexibility includes 2 days in the office and 3 days working from home.

#### About you

You have 5+ year's experience in a management accounting / financial analysis / project accounting with solid project experience. With a combination of solid core accounting skills with impeccable attention to detail and month-end diligence, you have modelling and business partnering experience where you can report, analyse and translate financial data into useful information. You are well versed in financial forecasts and budgets with exposure to costing.
