### Full job description

#### Your new company

This Federal Government client is an executive agency of the Australian Government, responsible for delivering a range of welfare, health, child support payments and other services.

#### Your new role

You'll join a team where you will be responsibly for planning and driving testing activities across all stages and iterations of product, systems and service development. Plus you will provide authoritative advice and guidance on any aspect of test planning and execution. Adopts and adapts appropriate testing methods, automated tools and techniques to solve problems in tools and testing approaches.

#### What you'll need to succeed

To be the successful candidate you will need to:

- Strong experience in Test management and on large scale enterprise-wide application development projects.
- Demonstrated experience with Test Management Tools, SOAPUI, SQL & XML.
- Recent understanding/experience working in test automation.
- Suitable capability to work within a team environment whilst maintaining focus and achieving outcomes and meeting deadlines
- Demonstrated experience in the analysis of requirements and writing of test cases
- Demonstrated experience in working in both agile and waterfall methodologies

#### What you'll get in return

Working with the team with positive work culture and ethics, you will get exposure working within the Federal Government space, while working on a long-term contract.
