Full job description

Your new company

An established electrical company are looking for a qualified electrician to be based on a A Grade site in Sydney's CBD to carry out ongoing service and maintenance work.

Your new role

In this role you will be responsible for carrying out preventative and reactive maintenance, which will include lighting maintenance, emergency light testing, switchboard testing, running temporary power supplies, fault finding, small installations, general building repairs and maintenance other related duties.

What you'll need to succeed

You will be a NSW trade qualified Electrician, work well in a team environment, have a forward thinking positive attitude and good communication skills.

What you'll get in return

In return you will be awarded with a generous salary package, the opportunity to work on an iconic single site, ongoing training and career progression.

What you need to do now

For more information on this role please contact Aaron Vandermeel from Hays Facilities Management on 02 9249 2203 or alternatively you can email
